

Assignment T0: Team Formation

Part 1: members

- Jianing Li (jl5543)
- Yifei Wang (yw3229)
- Eurey Noguchi (yn2377)
- Chiqu Li (cl3895)

Part 2: team name

- TeamShiba

Part 3: languages & platforms

We are planning to build a client-server system, and we choose **Python** as the backend language & **JavaScript** for the frontend.

The backend part would be some services running on **Linux** platforms.

Part 4: github repository
